

CENTRAL FLORIDA STAMP CLUB

A WHOLLY OWNED ENTITY OF THE MID-FLORIDA PHILATELIC SOCIETY, INC.

P.O. BOX 1206 ---- PLYMOUTH, FL 32768-1206

Public Announcement: March 23, 2020

The Central Florida Stamp Club is a vibrant organization with over 100 members. However, the Covid-19 virus has affected our public activities, as with all organizations. The Marks Street Center where we meet has announced that all activities at the Marks Street Center have been suspended until May 25th. We have already missed our March 19th meeting, so this will affect our two meetings each in April and May.

The telephone, the internet and the U.S. mail allow us to continue advancing our hobby and interaction with our members. Those looking for information and advice about stamp collecting can still contact us **by email and phone and at our website**, and we will be happy to help where we can.

Until we can have public meetings again, we wish health and safety in this trying time. Stamp collecting, postal history and its adjunct activities are some of the areas that homebound individuals can continue to enjoy --- and are a beneficial learning activity for kids. We look forward to new friends joining us when our public meetings restart.

Stephen Patrick
President, CFSC
