

CENTRAL FLORIDA STAMP CLUB

A WHOLLY OWNED ENTITY OF THE MID-FLORIDA PHILATELIC SOCIETY, INC.

P.O. BOX 1206 ---- PLYMOUTH, FL 32768-1206

Public Announcement: September 2020

The Central Florida Stamp Club is a vibrant organization with over 100 members. However, the Covid-19 virus has affected our public activities, as with all organizations. The Marks Street Senior Center where we meet has announced that all activities at the Center have been suspended until the end of the year. When we are cleared to have public meetings again, we will observe all health and safety guidelines.

The telephone, the internet and the U.S. mail allow us to continue advancing our hobby and interaction with our members. Those looking for information and advice about stamp collecting can still contact us **by internet and phone at our website**, and we will be happy to help where we can.

Until we meet again, we wish health and safety in this trying time. Stamp collecting, postal history, and its adjunct activities is one of the areas that homebound individuals can continue to enjoy and is a beneficial learning activity for kids. We look forward to new friends joining us when our public meetings restart.

Stephen Patrick
President, CFSC
