

CFSC Election Profiles for 2010-2012

Jim Archbold

I have been a stamp club member for 7 years and have served 2 terms on the board. I have served as club secretary and presently as the treasurer. I enjoy club activities, working with club members and exhibitors at our stamp shows. For about 17 years I was owner/editor of The Stamper, a hobby paper for stamp collectors. I collect worldwide and U.S. topical -- especially elephants, basketball, Christmas, and others including FDC's; and I also collect U.S. high values, some classics, and postal history.

Robert Dowrick

I have been a member of the stamp club since January, 2009. I got interested in stamps when I was given my grandmother's collection in the late 1950's but didn't actually start collecting until the early 1970's. I began collecting worldwide but eventually narrowed my focus to US and Canada, which I collect both mint and used. I have been an APS member since 1980. My first job after graduating from high school was as a special delivery driver and relief postman for the Burlingame, California Post Office in 1967.

Francis Ferguson

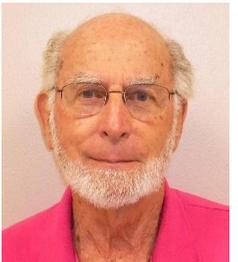

I have been a member since March of 2000 and have enjoyed every minute of it! My involvement covers just about everything on the local level – I am one who tries to see the larger picture in what should happen. My skills tend towards organization and management. I have served the CFSC on the BOD for four terms; one term as a Director at Large, two terms as Vice-president, and my most recent term as President. Since 2000 I have contributed to the CFSC web site, the monthly quizzes, the newsletters, and of course the local shows.

Phillip Fettig

I have been a member of the Central Florida Stamp Club, with a few breaks, since the late 70's and served a term as President. My philatelic affiliations include life membership in the American Philatelic Society and Florida Stamp Dealers Association. I was President of the FSDA for three terms and served from 1983-1999 on the FLOREX Committee including eight years as General Chairman. I started the Florida State Stamp Show in 2000, which is now the new FLOREX. Philatelic recognition includes Distinguished Service Awards from the APS and FSDA and the Bill Bomar Award from the Florida Federation of Stamp Clubs.

Josh Furman

I have served the club as a member of the Board of Directors for the last two years, acting as Secretary. In addition to my regular duties as Secretary, I have worked for the club in other ways, such as volunteering for service at club shows, exhibiting both at local shows and at FLOREX, sorting donated material for re-sale, packeting material for youth, and presenting programs at regular meetings. I respectfully request your vote, and propose to follow a similar agenda if re-elected to the Board of Directors.

Thomas Hart

A member since June of 1993, he has been active member of the CFSC for many years. He has served one term as a Director at Large.

Mary Lepich

A member of the CFSC since July 2008, she has become involved in numerous areas of club activity.

Stephen Patrick

I started collecting over 50 years ago when postage was still three cents. For 30 years, I have been a proud member of the Central Florida Stamp Club and have been an officer continuously since the mid 80's. I'm a 25 year member of the APS, lifetime member of MEPSI, current president of the Florida Postal History Society, and a member of ESPER, the Charity Seals Society, and serve as vice president of the Souvenir Card Collectors Society. I am willing to do whatever I can to make our stamp club successful.

Randall Priest, Jr.

I have been a member of the club for 14 years, most of that time has been helping young people find out that stamp collecting can be fun. I have been on the board before and would be willing to serve again. I have been collecting for over 50 years and I am still learning new things about the hobby. I believe that this club is and will be a great influence to the stamp collecting community in this area.

Wayne Stephens

A member of the CFSC since September of 2007 he has not served on the board of directors, however he has served other hobby clubs in board capacities.

Stephen Strobel

Originally from Southern Illinois, I began collecting by the age of about 10 years old, with a gift of a stock book with "some old stamps" in it. The interest was sparked and I continued on & off for several years. By the time I started college I joined the Southern Illinois Stamp Club. Next March I will have achieved 25 years of membership in the APS. I have a lot of new philatelic friends since joining the CFSC. I would like to continue my stamp collecting interests and possibly help the club in the future as a Board Member.
